About Mike's Fence Center

One of the strongest brand names in Central Oregon, Mike's Fence Center has been building fences in Central Oregon for over 40 years. Mike Groves started the company with his wife Cathie, his brother Jeff, and his dad Jack back in 1980 in Prineville, working out of his garage. Eventually moving the company to Bend, they have expanded their services throughout the years from simple fencing to automated gate entry systems, mobile mix concrete delivery, and every imaginable type of fencing including custom fabrication. Many people are surprised to find out that it is still the same family team who arrive first to the office each morning, even today. Building upon a reputation of quality and service from day one, Mike's Fence Center is the standard for service in Central Oregon. They value their customers' trust and work in earnest to provide only the best quality and service in every project. Proof of this reputation can be found in the hundreds of letters that they receive from their loyal customers every year, or, just like the recognizable jingle, "just ask your neighbor".
